## **Environmental, Safety and Health (ES&H) Statement**

- Goal...** Targa recognizes that the health and safety of those involved in our operations, those that live within the communities in which we operate, and those that use our services, are all important. Therefore, wherever we operate, we will strive to conduct our business with attention towards the environment and operate to manage risks for sustainable business growth. We work towards reducing incidents of environmental harm from our businesses.
- Plan...** To achieve our Goal, Targa will:
- Demonstrate leadership that engages employees and service providers to manage environmental, safety and health (ES&H) performance.
  - Ensure that employees and contractors recognize the importance of working safely.
  - Manage all projects, services and processes in ways that work toward protecting safety and health and minimizing impacts on the environment.
  - Provide employees with resources necessary to instill personal ownership and motivation to achieve our Goal.
  - Provide relevant safety and health information to contractors and encourage proper training for the safe performance of their work.
  - Work with both stakeholders and regulators where we operate to develop regulations and standards that improve the safety and health of people and the environment.
  - Provide a work environment that safeguards people and property from hostile acts.
  - Communicate our Goal to our stakeholders and regulators.
- Expectations...** Through implementation of this course of action, Targa seeks to earn the public's confidence and trust and to be recognized as a leader in ES&H performance.
