### **About Targa**

Targa is a leading provider of midstream natural gas and natural gas liquid, or NGL, services in the United States, through an integrated platform of midstream assets. Our gathering and processing assets are located primarily in the Permian Basin in West Texas and Southeast New Mexico and the Louisiana Gulf Coast primarily accessing the offshore region of Louisiana. Additionally, our natural gas liquids logistics and marketing assets are located primarily at Mont Belvieu and Galena Park near Houston, Texas and in Lake Charles, Louisiana with terminals and transportation assets across the United States.

### **About Targa Resources Partners**

Targa Resources Partners was formed by Targa to engage in the business of gathering, compressing, treating, processing and selling natural gas and fractionating and selling natural gas liquids and natural gas liquids products. Targa Resources Partners owns an extensive network of integrated gathering pipelines, seven natural gas processing plants and two fractionators and currently operates in Southwest Louisiana, the Permian Basin in West Texas and the Fort Worth Basin in North Texas. A subsidiary of Targa is the general partner of Targa Resources Partners.

Targa's and Targa Resources Partners' principal executive offices are located at 1000 Louisiana, Suite 4300, Houston, Texas 77002 and their telephone number is 713-584-1000.

### **Forward-Looking Statements**

Certain statements in the presentation are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements, other than statements of historical facts, included in the presentation that address activities, events or developments that Targa or the Partnership expect, believe or anticipate will or may occur in the future are forward-looking statements. These forward-looking statements rely on a number of assumptions concerning future events and are subject to a number of uncertainties, factors and risks, many of which are outside Targa's and Targa Resources Partners' control, which could cause results to differ materially from those expected by management. Such risks and uncertainties include, but are not limited to, weather, political, economic and market conditions, including a decline in the price and market demand for natural gas and natural gas liquids, the timing and success of business development efforts; and other uncertainties. These and other applicable uncertainties, factors and risks are described more fully in the Company's and the Partnership's Annual Reports on Form 10-K for the year ended December 31, 2008 and other reports filed with the Securities and Exchange Commission. Targa and Targa Resources Partners undertake no obligation to update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.
