DEREGISTRATION OF SECURITIES

This Post-Effective Amendment relates to Registration Statement on Form S-3 (Registration No. 333-187795) (the "Registration Statement") of Targa Resources Partners LP, a Delaware limited liability partnership (the "Partnership"), and Targa Resources Partners Finance Corporation, a Delaware corporation, filed on April 8, 2013, which was deemed effective upon filing and subsequently amended on October 7, 2015. The Registration Statement pertained to common units representing limited partner interests in the Partnership ("Common Units"), preferred units representing limited partner interests in the Partnership and debt securities.

On February 17, 2016, the Partnership was acquired by Targa Resources Corp. ("TRC"), pursuant to the Agreement and Plan of Merger (the "Merger Agreement"), by and among the Partnership, TRC, Spartan Merger Sub LLC, and Targa Resources GP LLC. Pursuant to the Merger Agreement, TRC acquired indirectly all of the outstanding Common Units that TRC and its subsidiaries did not already own.

As a result of the completion of the transactions contemplated by the Merger Agreement, the Partnership has terminated all offerings of securities pursuant to the Registration Statement. In accordance with an undertaking made by the Partnership in the Registration Statement to remove from registration, by means of post-effective amendment, any of the securities that had been registered for issuance that remain unsold at the termination of such offering, the Partnership hereby removes from registration all of such securities registered but unsold under the Registration Statement.

Pursuant to the requirements of the Securities Act, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this Post-Effective Amendment to the Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Houston, in the State of Texas, on this 23rd day of February, 2016.
